

A man in a black t-shirt and dark pants is operating a large, professional video camera mounted on a tripod. He is looking through the viewfinder. The background is a stage with blue and yellow lighting. The text "OUR TEAM. OUR SPIRIT." is overlaid on the left side of the image.

OUR TEAM. OUR SPIRIT.

CUSTOMER EXPERIENCE

DB Video will give you the best experience. Our very motivated team will provide you with their knowledge and a smile!

FLEXIBLE

DB Video is a flexible company that provides a 24/7 stand-by service.

FLIGHT SETS

Mobile broadcasting sets

MOBILE 1 - VMIX

This mobile offers you a complete setup designed for a high level webinars or live streaming.

FEATURES

Designed for live-streaming,
webinars, video-calls.
Easy touch videomixer.
Remote connections.

MOBILE
02

MOBILE 2 - VMIX

This mobile offers you a complete setup designed for a high level webinars or live streaming.

FEATURES

Designed for live-streaming,
webinars, video-calls.
Easy touch videomixer.
Remote connections.

FLIGHT SETS

Mobile broadcasting sets

MOBILE 3 - SIMPLY LIVE

This pack offers you a complete setup designed for broadcasts, recording and screen playout. A perfect setup for sport games thanks to the playout and replay features.

FEATURES

- Up to 6 Camera's
- Replays
- Playout
- GFX
- Easy touch videomixer

SMARTPHONE MULTICAM

With our smartphone multicam set you become the director. Stream your event, meeting or congress directly to: Facebook, Youtube, Twitch, Microsoft Stream or a custom destination.

FEATURES

- Up to 9 cameras
- For a high quality livestream for your event, meeting or congress.
- Quick and easy installation

FLIGHT SETS

Mobile broadcasting sets

MOBILE 5 - BMD 2M/E

This multicamera package is a perfect setup for a medium event that can be extended to your specific requirements. The package is mostly used for streaming purposes, video playout on a large screen and conferences. The astonishing quality of these cameras allows even to work in lower light conditions.

FEATURES

- Designed for events
- Up to 6 camera's
- PGM Recording on Hard Disk
- Extendable with remote cams

MOBILE 6 - BMD 2M/E

This multicamera package is a perfect setup for a medium event that can be extended to your specific requirements. The package is mostly used for streaming purposes, video playout on a large screen and conferences. The astonishing quality of these cameras allows even to work in lower light conditions.

FEATURES

- Designed for events
- Up to 6 camera's
- PGM Recording on Hard Disk
- Extendable with remote cams

OB VAN

Outside broadcasting van

UNIT 10

DB Video has several OB Vans for large TV productions and events. Here we can mix up to 16 cameras at a time! The van has a separate production room, audio mix, shading and graphics area. Multitrack recording for audio is possible. The extensive intercom system fulfills all your broadcast and event requirements.

FEATURES

4K - UHD - HDR
Up to 16 cameras

UNIT 11

This pack offers you a complete setup designed for a higher level of event or broadcast video recording and screen playout. A perfect setup for TV recordings, broadcasts, concerts and large events with its long focus lens and the possibility to record every camera separately.

FEATURES

4K - UHD - HDR
Up to 16 cameras

TV STUDIOS

Television & Film studios

GREEN KEY STUDIO

Our green-key studio is ideal for recording video clips, interviews etc. You focus on the recording and we'll help you make sure it runs smoothly. A well-chosen background will add the perfect finishing touch. The results will be everything you had in mind.

FEATURES

10 m x 6 m
Height 5.5 m
120 m² in total
Basic lights included

BLACKBOX WITH LED-WALL

Are you recording a TV show, commercial, movie scene, interview or photoshoot? Or maybe a webcast? You can do it in our professional studio. The studio is 120m² and has a huge LED Wall. The technical ceiling is equipped with standard lighting that can be extended according to your scenario.

We have a make-up room and dress room at your disposal. Extra lighting, decor, catering, make-up artist, sound engineer and cameraman can be provided. Our post production facilities can help you with the editing of your shoot.

FEATURES

10 m x 12 m
Height 5.5 m
120 m² in total
Huge LED Wall

TV STUDIOS

Television & Film studios

LOFT WITH KITCHEN

This professional kitchen is perfect for all your shoots. The neutral background can easily be decorated according to the style of your show.

FEATURES

- Induction hob
- Pots and pans
- Makeup room
- Parking

A woman with blonde hair, wearing a red sweater, is sitting at a desk in a post-production studio. She is looking at a computer monitor and has her hand on a mouse. The desk has a keyboard and a control panel with various buttons and knobs. There are multiple monitors displaying video editing software. The background shows soundproofing panels on the wall.

POST PRODUCTION

Television & Film studios

EDIT SUITE

Our assignment doesn't end after a successful event or an exciting broadcast. Our specialists can work magic with the editing programs Avid, Premiere Pro and Final Cut, the animation program After Effects, or Pro Tools for mixing sound in the studio. Adding graphics or subtitles? No Problem. Or we can use our special sound booth for your corporate film voice-over. And of course, you can also rely on our copying service for the DVD/CD duplication of the final product for a luxurious finishing touch.

FEATURES

- Keying
- Color grading
- Editing
- Voice recording
- Subtitling
- D-MAT
- Creative advice

REPORTER SETS

Videoreporter sets

PHOTOGRAPHER

Photo reporter & post processing

PHOTO REPORTER & POST PROCESSING

We can provide professional photographers, and ensures the absolute best quality.

Post processing:

The Photos will be calibrated for sharpness, brightness and contrast with Adobe Lightroom in the preferred color temperature AdobeRGB1998. We mainly use high-compressed JPEG format, but other file formats such as TIFF or RAW are supported on request. Every photo will be delivered with a full caption mentioning the place, date, name of event and the names and titles of persons from left to right. The details will be saved in English and in French.

FEATURES

Skills in Adobe Photoshop & lightroom.

Cue Light

This is an ideal solution for A-V staging company that is doing setups in large halls. Cue light and hand-held transmitter can communicate over 16 selectable channels so that the systems can operate in adjacent rooms.

Elemental

Elemental Live provides real-time video and audio encoding for linear pay TV broadcast and live streaming to new media platforms. The software-based solution performs simultaneous processing of multiple video outputs, delivering the high-quality, high-efficiency performance required for formatting live video for any device. Elemental Live is designed to integrate seamlessly into an end-to-end real-time video delivery workflow, evolve as technology requires and maximize revenue opportunities.
